EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Robert P. Michal on 08/16/2005.

2. The claims have been amended as follows:

Claims 1, 5, 7, 9, 12, 13, 17, 19, 21, 25, and 27 have been canceled.

REASONS FOR ALLOWANCE

3. Claims 2, 10, 14, 20, 22, 28-34 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 2, the prior art of the record fails to show or fairly suggest an image processing apparatus comprising correction parameter calculating means for determining correction parameters between the plurality of images based on the plurality of images input from the image input means; wherein the correction parameter calculating means comprises: image display means for displaying the plurality of images input from the image input means; correction parameter setting means for adjusting the correction parameters determined by the correction parameter calculating means, while differences in brightness between the plurality

images displayed by the image display means are being checked by a user; and brightness correcting means for correcting the brightness of at least one image in accordance with the parameters adjusted by the correction parameter setting means, in combination with other claim elements.

Claims 10, 29 are allowable for the reasons given in claim 2.

Claims 14, 20, 33 are method claims of apparatus claims 2, 10, 29, respectively.

Therefore, claims 14, 20, 33 are allowable for the reasons given in claims 2, 10, 29, respectively.

Regarding claim 22, the prior art of the record fails to show or fairly suggest a recording medium recording a computer program for correcting plurality of images obtained by taking one composition with different exposures, said recording medium comprising a correction parameter calculating program for determining correction parameters between the plurality of images based on the plurality of images input from the image inputting program; wherein the correction parameter calculating program comprises: an image display program for displaying the plurality of images input from the image input program; a correction parameter setting program for adjusting the correction parameters determined by the correction parameter calculating program, while differences in brightness between the plurality images displayed by the image display program are being checked by a user; and brightness correcting program for correcting the brightness of at least one image in accordance with the parameters adjusted by the correction parameter setting program, in combination with other claim elements.

Claims 28, 34 are allowable for the reasons given in claim 22.

Regarding claim 30, the prior art of the record fails to show or fairly suggest an image processing apparatus comprising correction parameter calculator which determines correction parameters between the plurality of images based on the plurality of images input from the image input device; wherein the correction parameter calculator comprises: an image display device which displays the plurality of images input from the image input device; a correction parameter setting device which adjusts the correction parameters determined by the correction parameter calculator, while differences in brightness between the plurality images displayed by the image display device are being checked by a user; and a brightness corrector which corrects the brightness of at least one image in accordance with the correction parameters adjusted by the correction parameter setting device, in combination with other claim elements.

Claims 31, 32 are allowable for the reasons given in claim 30.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
